CSIC 2010: similar requests, different binary labels

Normal — source training file

Record index 1333

```
GET http://localhost:8080/tienda1/publico/anadir.jsp?id=3&nombre=Vino+Rioja&precio=100&cantidad=17&B1=A%F1ad
ir+al+carrito
```

Anomalous — observed SQL-like payload

Record index 12266

```
GET http://localhost:8080/tienda1/publico/anadir.jsp?id=3&nombre=Vino+Rioja&precio=100&cantidad=AND+1%3D1&B1
=A%F1adir+al+carrito
```

cantidad=17 → cantidad=AND+1%3D1

Query character similarity: 93.71% | Session cookie also differs

SQLi is an analyst observation here; the dataset supplies only Normal/Anomalous labels.
URI lines wrap for display. This illustration does not measure embedding or retrieval performance.
